### LETTER OF INTENT

This is to formally express my intent in applying as a franchisee of **Big Apple Express Spa**. I would like to learn more about the terms and conditions and investment involved in the said franchise venture.

I am much very interested in the business concept and am willing to submit the necessary requirements. As such, I have attached the duly accomplished application form to facilitate commencement of the franchise application process.

Thank you very much for your time and consideration.

Best regards,
